Automobile Accidents

NO ATTORNEY'S FEES OR COSTS, UNTIL YOU WIN

We all spend a great deal of time each and everyday traveling in our cars. Unfortunately, our local roadways are filled with drivers who are paying less attention, becoming more distracted, not being especially observant and careful while using cellular telephones, or most seriously, drinking alcohol or taking illicit drugs before getting behind the wheel of their car. Therefore, the odds of being the victim in a serious automobile accident increase each and every day. While a serious automobile accident usually happens in a split second, it can change an entire family's life forever. I can say this with certainty, because myself and my family were involved in a terrible automobile accident years ago. While many attorneys can only experience their clients' cases from a legal perspective, I actually understand how it feels to be the victim of a terrible automobile accident which can financially and physically destroy a family.

The period immediately following such a serious accident can be overwhelming for the victims of the accident. While coming to grips with your serious injuries, you must also immediately face serious issues such as having your car repaired quickly, getting your medical bills paid properly, and obtaining immediate payment for lost wages so your family can continue paying its everyday bills. Moreover, skilled insurance adjusters who represent the insurance company and the driver who caused your injuries will be working feverishly to protect their company's and their driver's interests, rather than yours. Our formidable team can and will help you immediately. We will do everything ethical in our power to aggressively pursue your rights against the wrongdoer and applicable insurance companies in order to achieve a fair pre-trial settlement, or a favorable verdict after a hard-fought jury trial, if necessary.

We are proud to represent victims of serious automobile accidents, and accept referrals from many local attorneys when their clients are injured in such accidents. The experience, skill, and integrity of the representation we provide our clients is confirmed by our firm's AV rating by Martindale-Hubbell, the highest and most prestigious ranking awarded by the nation's leading legal directory. Our rating is based on the confidential opinions of other local attorneys and local judges who are best suited to assess the legal abilities of our firm. If a loved one has died, or you or a family member has been injured in a serious motor vehicle accident, we want to help.
